In case of international transactions, the payer and the beneficiary can share the transactional costs between themselves in different ways:

- "BEN" (beneficiary) type of cost sharing: all charges related to the transaction shall be borne by the beneficiary. In case of international payments within EU/EEA area – in line with the prevailing payment services regulations – Deutsche Bank AG Hungary Branch will automatically change all charge codes "BEN" into charge code "SHA".
- "OUR" (our) type of cost sharing: all charges related to the transaction shall be borne by the payer (ordering customer). The 'Guaranteed "OUR" surcharge' covers all transfer costs charged by any other bank (correspondent and beneficiary) that participates in the transaction. If, the payment is issued with charge code "OUR", Deutsche Bank AG Hungary Branch will charge the additional fee of "GOUR" in every case.
- "SHA" (shared) type of cost sharing: the ordering party and the beneficiary shall share the costs; i.e. the charges of the sending bank shall be borne by the ordering party, whereas the charges of any other bank (correspondent and beneficiary) that participates in the transaction shall be borne by the beneficiary.

The ordering party has the option to choose the desired cost sharing at the time of the initiation of the transfer. In the absence of a different order from the ordering party, the default type of cost sharing is „SHA“. The correspondent banking costs related to international transactions are different from bank to bank and from destination to destination. For further information please turn to your account manager.

A Payment within EU/EEA shall mean an international payment in the execution of which both, the payer's and beneficiary's service provider are located within the EU/EEA area, and the currency of the payment is EUR or the official currency of a state being a member of the European Union but not of the Eurozone. EU/EEA area means the member states of the European Union and Norway, Iceland and Liechtenstein.

Please kindly note that in case an international payment order is submitted in USD, the correspondent bank may change 'OUR' charge code into 'SHA' or 'BEN' unilaterally.

Please always provide correspondent banking data if amount of the cross-border payment exceeds USD 500.000, or EUR 500.000 or countervalue in foreign currency. Without correspondent banking data execution of the payment might be delayed.

Due to performing of screening procedures based on regulations on restrictive measures relating to certain persons and entities, in particular the EU Council Regulation 2580/2001/EK, execution deadlines specified in this List of Conditions in case of certain transactions might eventually be exceeded.

**) In case the investigation refers to a payment the value date of which is more than 90 days earlier than the date of the investigation request, the surcharge of an investigation shall be HUF 20 000 per transaction for Non-executed and HUF 20 000 + charges of correspondent/beneficiary bank per transaction for Executed transactions.

***) Cut-off time for sending cancellation (revoking) request to the Bank on the value date of the payment order subject to cancellation is as follows: in case of domestic HUF payment – 15:00; in case of international payment and SEPA Credit Transfer – 14:00. The Bank endeavours to forward cancellation (revoking) requests of cash transfers on the value date to the affected clearing system; due to the strict processing deadlines and to the dependency on the beneficiary's consent upon crediting, the Bank excludes all liability for the time of forwarding and the success of such cancellation request ("best effort basis"). Cancellation requests for domestic HUF payments will be accepted for forwarding at the latest 30 working days after the value date of the original payment.

****) Requirements of SEPA Credit Transfers: i, beneficiary account number has to be given in IBAN form; ii, shared ("SHA") cost bearing; iii, currency of the payment can be only EUR, SEPA Credit Transfer cannot contain foreign exchange conversion; iv, beneficiary bank is registered participant in SEPA Payment Schemes (http://epc.cbnet.info/content/adherence_database)

EUR-denominated payment instructions that are initiated from a non-EUR account and as such requiring prior foreign exchange conversion will be executed by our Bank via so called "High Value Payment System".

Any files which do not meet the ISO 20022 XML format criterion will be rejected at the time of the up-load of the file. Such instructions would need to be re-initiated either by uploading them in ISO 20022 XML format or manually on the electronic banking system.

*) If the Customer submits the payment order by means other than paper, the amount of domestic HUF transfers without conversion will be credited to the payee's payment service provider's account at the latest within four hours after the point in time of the payment order's receipt by the Bank. In this regard, the point in time of receipt shall be the time when the transfer order arrived at the Bank along with all the necessary information - such as, in particular, the positive identification of the authorised signatory - and there are sufficient funds on the account to cover the entire amount of the transfer. The time of arrival will be indicated in the confirmation message generated by the electronic banking system of the Bank about the order bearing the required authorisations; this time cannot be earlier than the general daily Opening Time (7:00 a.m. CET). Payment orders submitted after the Cut-Off Time and before the next banking day's Opening Time or on a bank holiday shall be regarded as arriving at that next banking day's Opening Time. If the payment order is submitted with a Debit Day indicated, the point in time of receipt and of cover checking is the Opening Time of that Debit Day. Orders submitted by means of paper shall include, but shall not be limited to, funds transfer orders submitted via facsimile.

**) Payment orders requiring foreign exchange conversion up to EUR 100,000 (or equivalent) will be converted (provided submitted on a properly completed payment order form)

- at the Bank's fixing rate nr. 3, if arrived at the Bank between 11:10 a.m. and 2:00 p.m..

To the conversion of payment orders reaching or exceeding EUR 100,000 (or equivalent), specific exchange rates shall be applied. The specific exchange rate shall be calculated as the sum of the prevailing FX market exchange rate and the marge of the Bank. Since payment orders accepted by the Bank cannot be withdrawn as per §38(1) Pft, we strongly recommend our clients to enter into an FX spot framework agreement with our Bank, by which means the specific exchange rate applicable to outgoing payment orders reaching or exceeding EUR 100,000 (or equivalent) can be pre-negotiated with or foreign exchange sales department.

General

This List of Conditions provides information about the most important conditions of Deutsche Bank AG Hungary Branch in the corporate banking business. For services not explicitly listed, Deutsche Bank AG Hungary Branch reserves the right to charge an appropriate fee, which - if no agreement over the amount has been made - it deems fair. The Client shall pay all out-of-pocket expenses in accordance with clause 13(7) of the Bank's General Business Conditions. Fees listed in the List of Conditions are net of VAT. Our transaction fees in general are booked on the date of execution, separately from the transferred amount, charging the account specified by the transfer order as the account to be debited. The external charges to be paid by our customers are charged subsequently. If the customer has a separate charge account, then (in the absence of a different agreement) the transaction fees shall be charged to that charge account. If the currency of the transaction fee and the charge account are different, the fee shall be converted by applying the FX mid-rate of the National Bank of Hungary (NBH) and the FX mid-rate of the Bank in case of Guarantees and Documentary Business. The Bank provides the information required by Act CXVI of 2012 on financial transaction duty aggregated on a yearly basis, in the form of an attachment to the official account statement.
